

# ALVARA FORCE THE ULTIMATE ORGANIC MINERAL FERTILIZER

## Boost Your Crop's Potential:

Alvara Force is a liquid compound organic mineral fertilizer, composed of natural fertilizers and plant extracts. It is a unique liquid product that enhances the resistance of plants, making them more resilient to diseases and pests. By incorporating easily absorbable plant extracts and nitrogen, Alvara Force promotes plant growth, stimulates the rhizosphere, and improves stress resistance.

Alvara Force works systemically within the plant and is easily absorbed. Its effects in plants last for approximately 7 to 10 days.

**Composition:** 4% N (of animal origin), urea and plant extracts.

**Dosage:** 1 to 2 liters per hectare, repeat weekly.
